Marketman Sues Furniture Dealer for \$5,000 Damages — Louis A. Robbins, of Norwich, Has \$500 Attachments on Clark Store — Furniture Company's Fire Loss Adjusted for \$5,000.

When the new town hall was completed the town council decided that the hall proper should be used for town purposes only, when it was for town meetings, a polling place and for the commencement exercises of the Western High school. This rule was broadened at a town meeting which gave the free use of the hall to the Western board of trade and for the Army of the Republic for Memorial day exercises. At a subsequent town meeting it was voted that the hall be rented for all legitimate purposes, under the direction of the town council, which was empowered to fix the rate of rental and the conditions under which the hall might be rented. The rent of the town hall was fixed at \$20 and \$25 up to midnight the last night of the month when the front or main entrance was used, and an additional charge of \$5 an hour after midnight. The charge for the use of the town council chamber was fixed at \$10 a night, up to midnight.

Before the place was available for public hire considerable expressions of dissatisfaction were heard, but since the new plan has prevailed, there has been no application for the use of the hall. At the last meeting of the council it was voted that the hall would not be rented for annual or poultry shows. Clerk Whipple was appointed custodian and renting agent of the town hall and council chamber.

Deputy Sheriff Frederick T. Mitchell arrested Charles Goldberg, a local fur dealer, upon complaint of Louis Deutch, a marketman, through his attorney, Albert E. Crafts and George R. McKenna. Goldberg is charged with slandering and Deutch seeks to recover \$5,000 damages. The case is returned to the superior court at Washington county, October 4. Goldberg furnished bond satisfactory to the deputy sheriff for appearance in court at the specified time.

The fruit and confectionery store of Raymond L. Clark, corner of Broad and Union streets, closed by Deputy Sheriff Mitchell on August 19, is still in the custody of the sheriff, pending settlement. One of the creditors is Louis A. Robbins of Norwich, whose attachment is for \$500, the three other attachments on the stock and fixtures bringing the amount of attachments to \$800. There are several other creditors who have not made formal attachments. The stock has been inventoried by the sheriff as of \$1,000 value.

The insurance adjusters have settled the loss at the Western Furniture company fire at \$15,000, less than one-half of the loss as estimated by the company. The loss was estimated at \$30,000. At that time Mr. Hinchley stated that the loss would probably reach \$25,000 upon which there was an insurance of \$25,000.

The regulars of the Coast artillery corps, stationed at the forts in the new and old districts, will be in camp for two weeks, the latter part of the present month, on grounds yet to be selected in the southern part of the town. Two officers were in Western Thursday looking over grounds suitable for the purpose, and selection will be made by the commanding officer of the district within a few days. The hike and encampment will be a tour of the forts from Fort Lifford on the islands and will serve also for a sort of drill for actual field service.

The Western band, Charles O. Gavitt, leader, will give a concert there, appreciated by hundreds, in Wilcox park, Thursday evening, rendering the following program: March, Colonel.

## OLD AND NEW WAY TO TREAT CATARRH

Breathing a Germ Killing Air Endorsed By Actual Results.

The discovery of Hyomel has wrought a wonderful change in the treatment of catarrh.

Prior to three years ago the medicines ordinarily employed in the cure of this disease were drugs, sprays, lotions, etc. In some instances they benefited, but the improvement was not lasting. Hyomel you take into the air passages of your throat and head, and should expectually kill all germs and microbes of catarrh. Its purpose is to enter the blood with the oxygen, killing the germs in the blood, and restore health to the whole system. Many astonishing testimonials have been received from those who have been helped by Hyomel.

A complete outfit is inexpensive and includes an inhaler, dropper and sufficient Hyomel for several weeks' treatment.

Perhaps the strongest evidence that can be given to doubters, is the fact that Lee and Osmond have so much faith in Hyomel that they sell every package under a positive guarantee to refund the money if it does not relieve.

Now is the time to begin the use of Hyomel and rid yourself of this serious and oftentimes dangerous disease. Notice is gained by waiting till the vicious microbes of catarrh have made still further inroads on your health.
